

There are 3 different types of industry engagements that the Confronting Climate Change project is offering; each with a specific target audience and intended outcome. The workshops are presented at a subsidised fee and spaces are limited therefore booking is essential. Additional workshops can be arranged over and above those listed below. These workshops can however not be presented at the subsidised fee. Please note that workshop participants will be provided with a temporary licence for the day of the workshop but will have to purchase a CCC annual licence to calculate their own carbon footprint after the workshop. Please contact us for more information.

## 2019 Light carbon footprint workshops

**Expected Timeframe:** Approximately a 3 hour session

**What will you be doing?** During the workshop, the technical team will run through the carbon calculator tool in a step-by-step manner, and the audience will be guided through the process and will input their data into the data capture tool. Provided the necessary data is brought to the workshop, the **carbon footprint can be completed during the 3 hour session.**

**What to bring to the workshop?** Your data, your laptop (with power cables & extension leads) and a fresh mind! Full data requirements will be outlined in the guidance material that will be sent through to confirmed attendees. It is advisable that the necessary data is gathered beforehand and brought to the workshop.

**Cost:** The workshop will be presented at a fee of R920 (incl VAT) per person. Included in the cost of the workshop is the B-grading of your dataset. Please see the payment instructions below.

**Outcome to be achieved:** The audience will have the required tools to complete their carbon footprint for the year, the results of which can be used for marketing and/or management requirements. The CCC team will gain access to a data set that is accurate and representative of the industry, to be used as part of the industry benchmarking analysis. The identity of any individual's data will remain confidential.

2019 Light Carbon Footprint workshops		
DATE	TIME	TOWN
25 April 2019	9:00-12:00	KWV Emporium, Paarl
6 June 2019	9:00 – 12:00	De Doorns
13 August 2019	1:00-4:00	Kakamas
15 October 2019	9:00 – 12:00	Groblersdal
17 October 2019	9:00-12:00	Nelspruit
23 October 2019	10:00-1:00	Citrusdal
24 October 2019	9:00-12:00	Ceres
07 November 2019	9:00 – 12:00	Patensie

## 2019 Full carbon footprint workshops

There are also specifically targeted carbon footprint workshops available which offer detailed technical training on the details of the carbon footprint tool, data collection process and common questions.

**Targeted audience:** Individuals within export companies, Department of Agriculture extension officers, industry association technical staff or interns/students who will be able to assist the growers within their region with the details of the CCC tool. You are required to be committed to service your organization, grower base or supply chain and have your name and contact details placed on the CCC website as a resource for your organization and/or supply-chain.

**What will you be doing?** During the workshop, the technical team will run through the carbon calculator tool in a step-by-step manner, and the audience will be guided through the process. You will be required to complete a competency test and after the correct completion of the test you will receive a competency certificate. Support will be provided during and after the workshop with the completion of the test.

**What to bring to the workshop?** Your data, your laptop (with power cables & extension leads) and a fresh mind!

**Time:** full day training

**Cost:** The workshop will be presented at a fee of R1725 (incl VAT) per person. It is required that payment be made prior to the start of the workshop. Please see the payment instructions below.

**Outcome:** CCC accredited certificate as well as a resource base within the industry.

DATE	TIME	TOWN
15 May 2019	8:30-4:30	Stellenbosch
22 May 2019	8:30-4:30	Paarl
14 August 2019	8:30-4:30	Kakamas
16 October 2019	8:30-4:30	Groblersdal
14 November 2019	8:30-4:30	Eshowe

## 2019 Emerging Farmer training sessions

The **EMERGING FARMER TRAINING SESSIONS** (2) offer technical training in the use of the carbon footprint calculator, specifically tailored for emerging farmers.

**Target audience:** interested members from small scale farming operations or developing agricultural companies.

**Time:** three hour session

**What will you be doing?** During the workshop, the technical team will run through the carbon calculator tool in a step-by-step manner, and the audience will be guided through the process and will input their data into the data capture tool.

**What to bring to the workshop?** Your data, your laptop (with power cables & extension leads) and a fresh mind! Full data requirements will be outlined in the guidance material that will be sent through to confirmed attendees. It is advisable that the necessary data is gathered beforehand and brought to the workshop.

**Cost:** These workshops are fully subsidized by industry and the Western Cape Department of Agriculture.

**Outcome to be achieved:** The audience will have the required tools to complete their carbon footprint for the year, the results of which can be used for marketing and/or management requirements. The CCC team will gain access to a data set that is accurate and representative of the industry, to be used as part of the industry benchmarking analysis. The identity of any individual's data will remain confidential.

**Dates and venues:** To be decided, but please indicate already now if you are interested so that we may list your contact details. Please send names and contact details of interested emerging farmers to Anél Blignaut.

## Bookings and Payment Instructions

Please note that CCC does not accept any cash or cheque payments. The booking and payment options is detailed below, but please do not hesitate to contact us should you have any queries.

1. Booking and Electronic payment via the CCC website. **PREFERRED OPTION**
  - Go to [www.climatefruitandwine.co.za](http://www.climatefruitandwine.co.za).
  - Click on the “workshop” button. Click on the “Book Here” button.
  - Log in with your details. If you are not registered on the system yet, you will need to register.
  - Select the option you are interested in and follow the easy payment options and instructions on the website.
2. Direct booking and electronic payment
  - Please contact Anél Blignaut at [anel@bluenorth.co.za](mailto:anel@bluenorth.co.za) to receive a workshop registration form.
  - Once CCC receives the completed registration form, an invoice will be issued.
  - You must ensure that the invoice is paid 7 working days before the start of the workshop.

To confirm your attendance or find out more information about any of these workshops, please contact the project team: Anél Blignaut ([anel@bluenorth.co.za](mailto:anel@bluenorth.co.za))
