

# CCC: Workshops 2023

The CCC Team is looking forward to engaging with you via our scheduled workshops during 2023! We are more than happy to schedule a tailored training session with you to address your specific carbon footprinting or emission reduction needs. Please [contact us](#) for a cost estimate.

Our Light carbon footprint workshops are presented at no cost at all for new users of the CCC tool or anyone in need of a refresher. We encourage you to attend these to learn more about calculating your farm, packhouse, cold store, CA store, winery and distribution carbon footprint.

The Full carbon footprint workshops are a more in-depth training which includes a carbon footprint assignment. In order to receive a competency certificate after the Full carbon footprint workshop you will need to complete a competency exercise that will be explained to you during the workshop. Fees are detailed below.

The Advanced carbon footprint workshops are for users that have already calculated their carbon footprint and would like to get a better understanding of what the next steps are. The workshops cover topics such as the carbon cycle, carbon emissions, carbon reductions and carbon removals. Fees detailed below.

No preparation is needed for the workshops, but we do encourage you to register well in advance. Dates can be found below as well as on the [CCC website](#).

## LIGHT CARBON FOOTPRINT WORKSHOPS

Throughout the year. Starting 21 Feb 2023.

9:00 - 11:00

Online (Microsoft Teams).

No fee!

## FULL CARBON FOOTPRINT WORKSHOPS

6 workshops throughout the year.

9:00 - 11:00

Online AND in-person.

CCC License Holders: R1035. Non-license holders: R2 530.

## ADVANCED CARBON FOOTPRINT WORKSHOPS

4 workshops throughout the year.

9:00 - 11:00

Online.

R1035.

# CCC Workshops 2023: 2023 Dates

Date	Workshop Type
21 February	Light carbon footprint
23 February	Advanced carbon footprint
7 March	Light carbon footprint
14 March	Full carbon footprint
18 April	Light carbon footprint
20 April	Advanced carbon footprint
9 May	Full carbon footprint (In-person)
18 May	Light carbon footprint
8 June	Light carbon footprint
20 June	Full carbon footprint
25 July	Advanced carbon footprint
27 July	Light carbon footprint
17 August	Full carbon footprint
29 August	Light carbon footprint
19 September	Light carbon footprint
26 September	Full carbon footprint (In-person)
17 October	Light carbon footprint
19 October	Advanced carbon footprint
24 October	Full carbon footprint
14 November	Light carbon footprint
28 November	Light carbon footprint

## WHAT DO YOU NEED TO DO NEXT?

Please complete the [Google form](#) and register for the workshop of your choice.

Once you have registered we will send you a Teams link to attend the workshop the day before the scheduled date.

**We look forward to working with you on your journey to reduce your carbon emissions!**

Please contact [support@bluenorth.co.za](mailto:support@bluenorth.co.za) if you need any guidance.
